SEBO PROFESSIONAL D

TECHNOLOGICALLY ADVANCED, SUPERBLY ENGINEERED

Made in Germany, the SEBO Professional D takes commercial cylinders to a new level of quality, performance and ease of use. SEBO's patented ErgoGrip handle is comfortable and offers great control, making cleaning easier and faster. The stainless steel telescopic tube can be adjusted for comfort and the four castors let it move easily over the floor without tipping, whilst walls and furniture are protected by the AirBelt bumper.

The 1200 Watt Eco motor gives outstanding cleaning performance whilst suction control enables power consumption to be lowered when maximum suction isn't required.

ErgoGrip handle.

Ergonomically designed for fatigue-free use and superior control of the cleaning tools

AirBelt bumper

Protects walls and furniture for marking and damage.

Easy cable change

Using a patented restraining system, the cable plugs into the rear of the machine and can be replaced without the use of tools.

Convenient cable storage

The 12m cable can easily be stored on the machine and is quickly accessible.

Easy change bag

Extremely easy to replace, the 6l bag is made from microfilter material and has an integrated sealing cap for the ultimate in hygienic dirt disposal.

Variable power

With 0 – 1200W you can choose the power setting that suits the situation.

Parking and carrying slots

Secure storage and carrying
